Ok. I'll call when I'm driving back to Boston (leave here at 12:30 EST).

I'm actually ok with doing the one meeting -- makes it logistically much easier. But, San Juan needs to approve that approach.

Nancy,

I have checked the BOCC's calendars for Friday and have also spoken to our Board Chair Commissioner Lachelt. Friday afternoon is problematic for a number of reasons.

An alternate suggestion that we think could possibly work is that La Plata County attend your morning meeting in Silverton when you meet with the San Juan County Commissioners Friday morning. What are your thoughts on that?

Hi Joe and Joanne,

Following up on our discussion about staff from EPA HQ coming to Durango to talk about long term remediation/superfund-npl listing options for the GKM site -- we have now confirmed that Mathy Stanislaus, Assistant Administrator for the Office of Solid Waste and Emergency Response in DC, will be here on Friday, September 4th. We are planning to have him, along with Shaun McGrath, meet with San Juan Commissioners in the morning, and would like to propose a 2 p.m. meeting with the La Plata County Commissioners. We realize this is the Friday before the Labor Day holiday weekend, however we think it important to convene these discussions sooner rather than later.

Please let me know if we can confirm this meeting with La Plata County, and we will proceed to work through the logistics. We assume that you would want to hold the meeting at your offices in Durango.

Thank you -- and I look forward to seeing you at our update meeting tomorrow.
